

Subject line: Invitation to the 1st Multiplier Event – Innovative Horizons

Dear colleagues,

we are pleased to invite you to the **1st Multiplier Event of the Innovative Horizons project**, which will take place in Italy (Piazza Minucciano, Rome) on **6 February 2026**.

Innovative Horizons is an Erasmus+ project aimed at strengthening digital skills, soft skills and innovative learning methodologies in adult education and in the social sector. The project promotes inclusion, diversity, participation and wellbeing through a new training pathway, practical workshops and an online Moodle learning platform.

During the event, participants will have the opportunity to:

- discover the objectives and expected impact of the Innovative Horizons project;
- learn more about the training pathway and the six online modules;
- explore practical tools, role-playing labs and workshop materials;
- exchange ideas on inclusion, adult education, digital skills and social innovation;
- take part in interactive moments and provide feedback on the project results.

The event is addressed to **adult educators, trainers, social-sector operators, organisations working with vulnerable groups, stakeholders, volunteers and all those interested in inclusive and innovative adult education**.

Participation is free of charge.

We would be delighted to welcome you and share with you the first results of the project.

Warm regards,

Il Brutto Anatroccolo and the Innovative Horizons Team
